**Parents as Partners/Parents as Disciples**

Parents as Partners – Parents as Disciples is a talk shared with parents of children in faith formation designed to inspire them to: (re)examine the importance of their role as disciple and parent; (re)ignite their desire for something ‘more’ for them and their children through Jesus and the Catholic faith; and *how* to (re)engage/put this all into practice.

In a friendly, upbeat, engaging and personable style, Jeff will inspire parents to action with 2 simple (but powerful) steps that will have a lasting impact on the parents, children and families of your parish.

**What Makes One a Digital Disciple?**

In 2017, a collaborative group of organizations that have been working to integrate digital tools in ministry came together to create the Digital Discipleship Competencies. These six competencies form the basis of how catechists utilize digital approaches in Catechetical Ministry. How are YOU growing as a digital disciple? This overview will give you a way to focus your learning – for yourself and for your program.

**JARED DEES**

**Encountering Christ in the Classroom**

*Jared will be joining us live - virtually*

To be effective as religious educators, we must inspire students not only to learn about God but also to learn to love God. The best way to do this is to give students the opportunity to encounter Christ in class. If this is our goal, then the approach must be different than any other form of education. Using a system inspired by the process of Lectio Divina, Jared Dees will share the most effective way to teach faith to young people today.
